

Relative differences between first and last estimations of a AO(1984–01)
additive decomposition
All models (510 series)

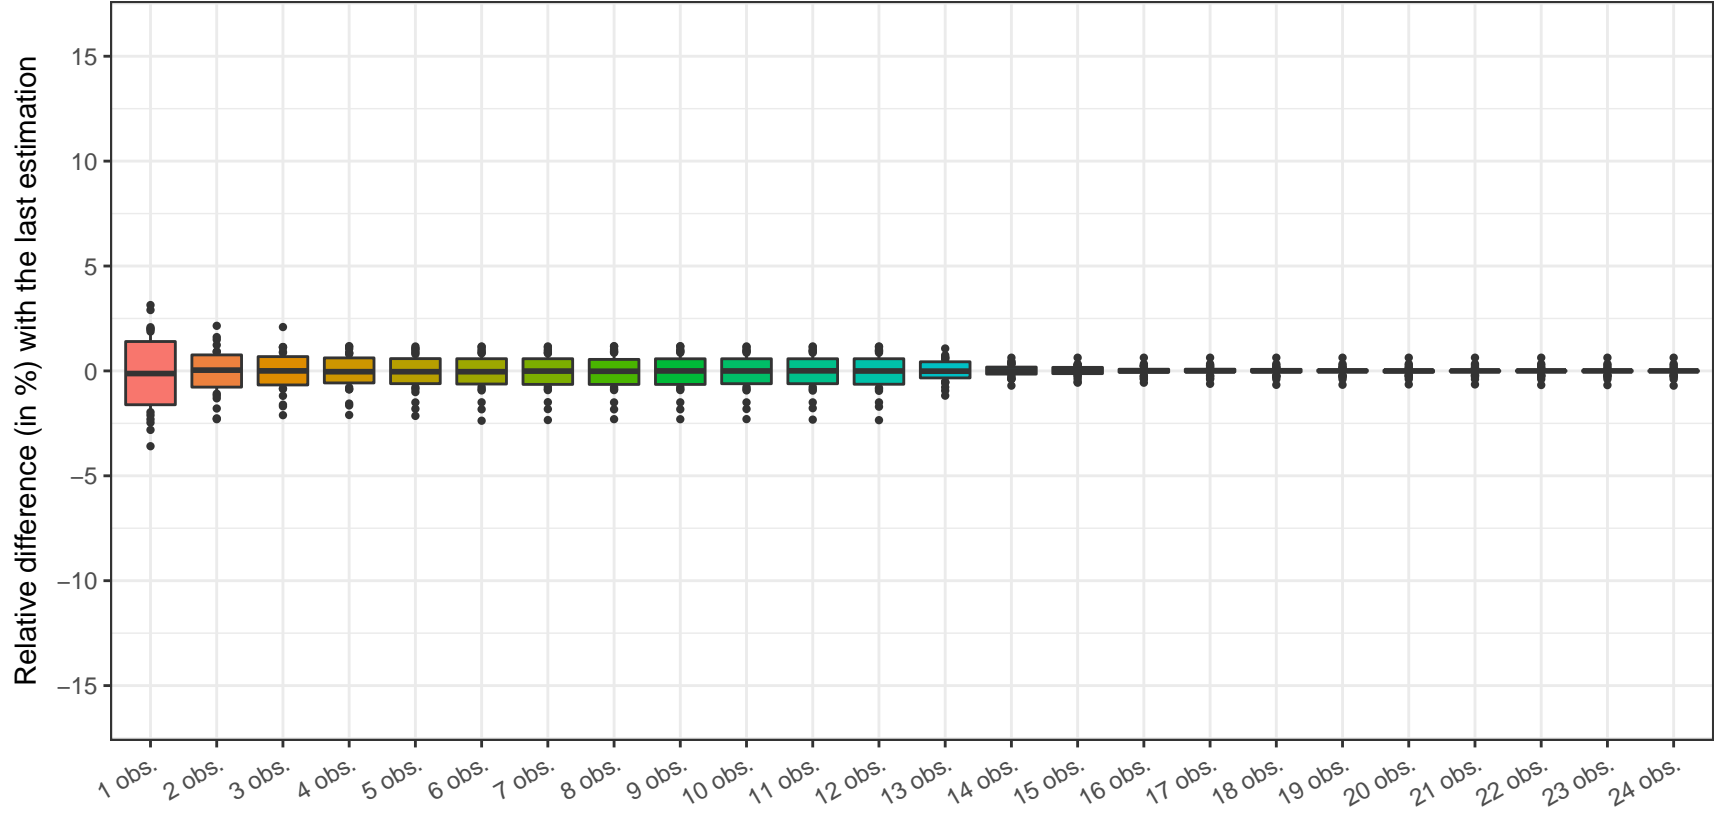

Relative differences between first and last estimations of a AO(1984–01)
additive decomposition
d=0 and D=0 (100 series)

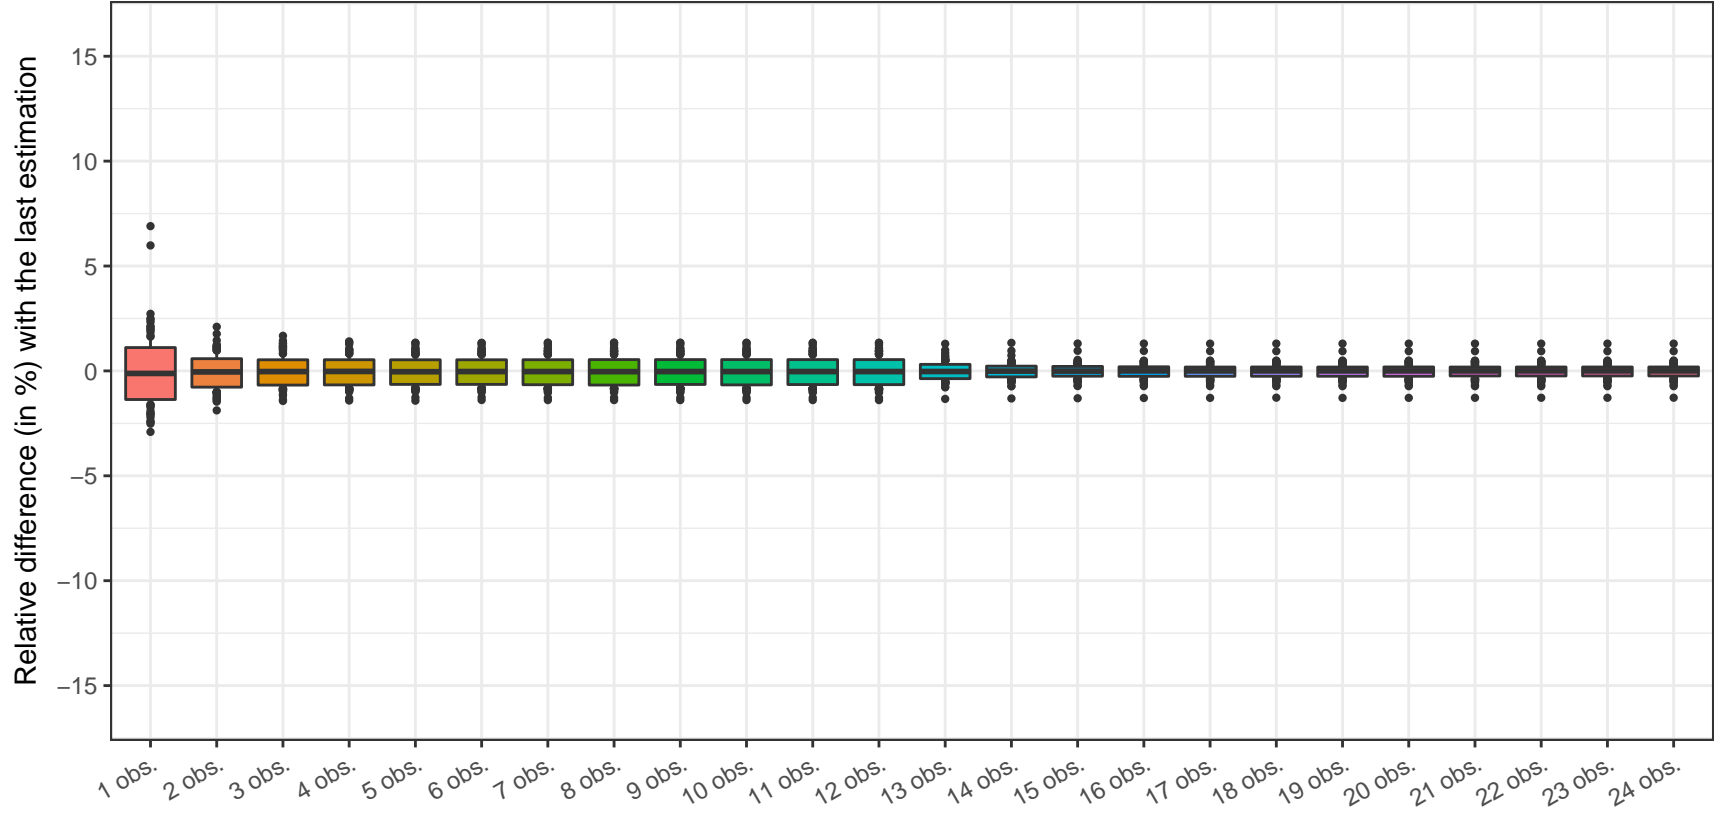

Relative differences between first and last estimations of a AO(1984–01)
additive decomposition
d=0 and D>=1 (30 series)

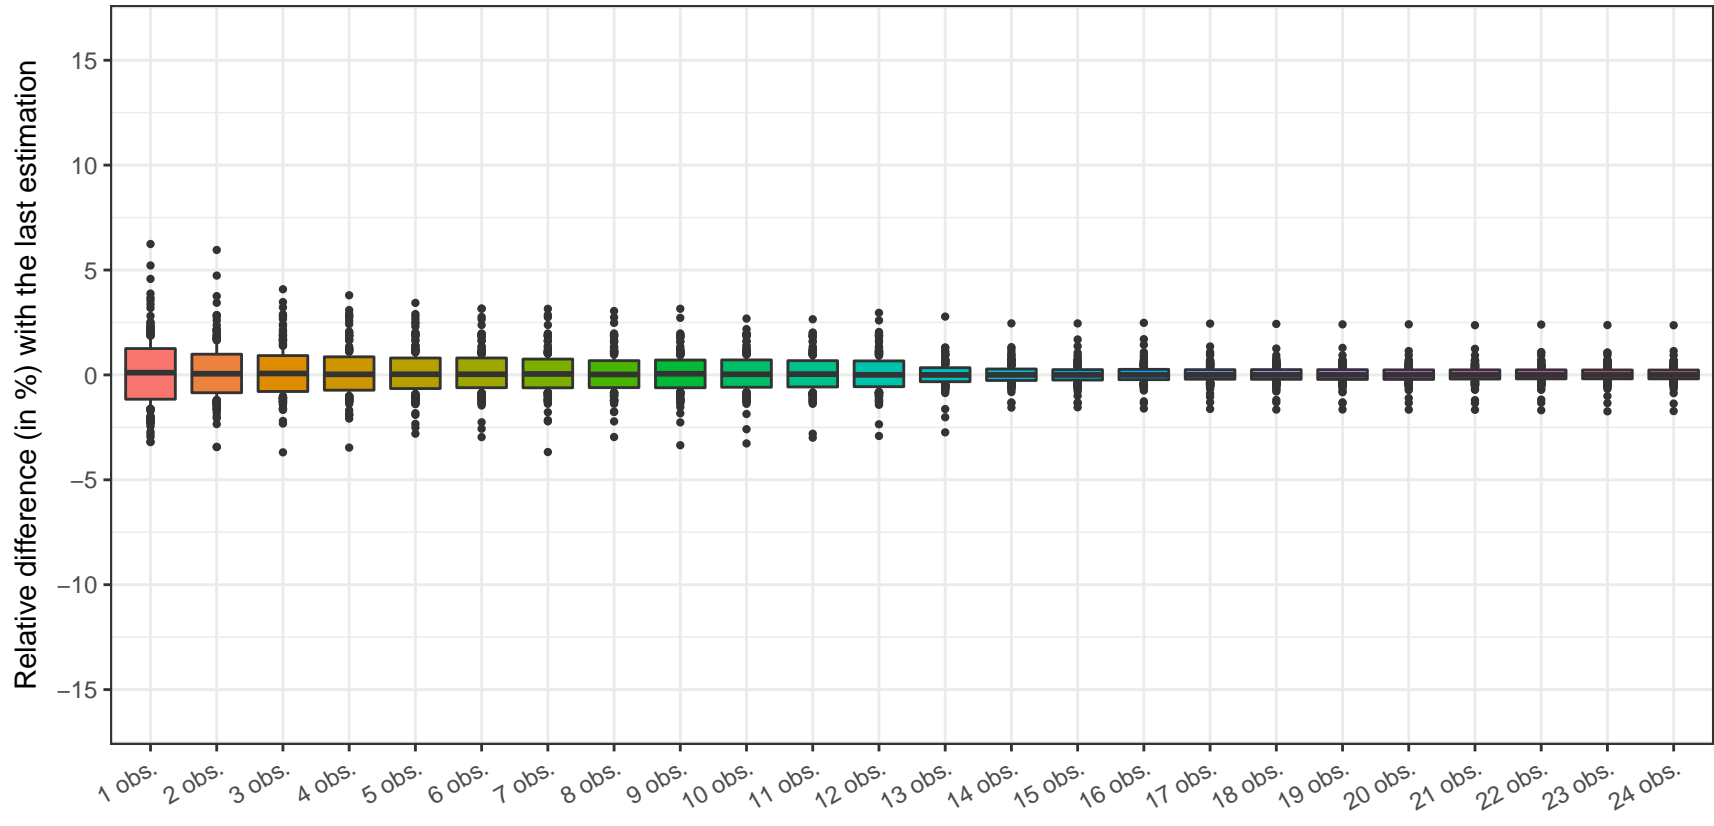

Relative differences between first and last estimations of a AO(1984–01)
additive decomposition
 $d \geq 1$ and $D = 0$ (120 series)

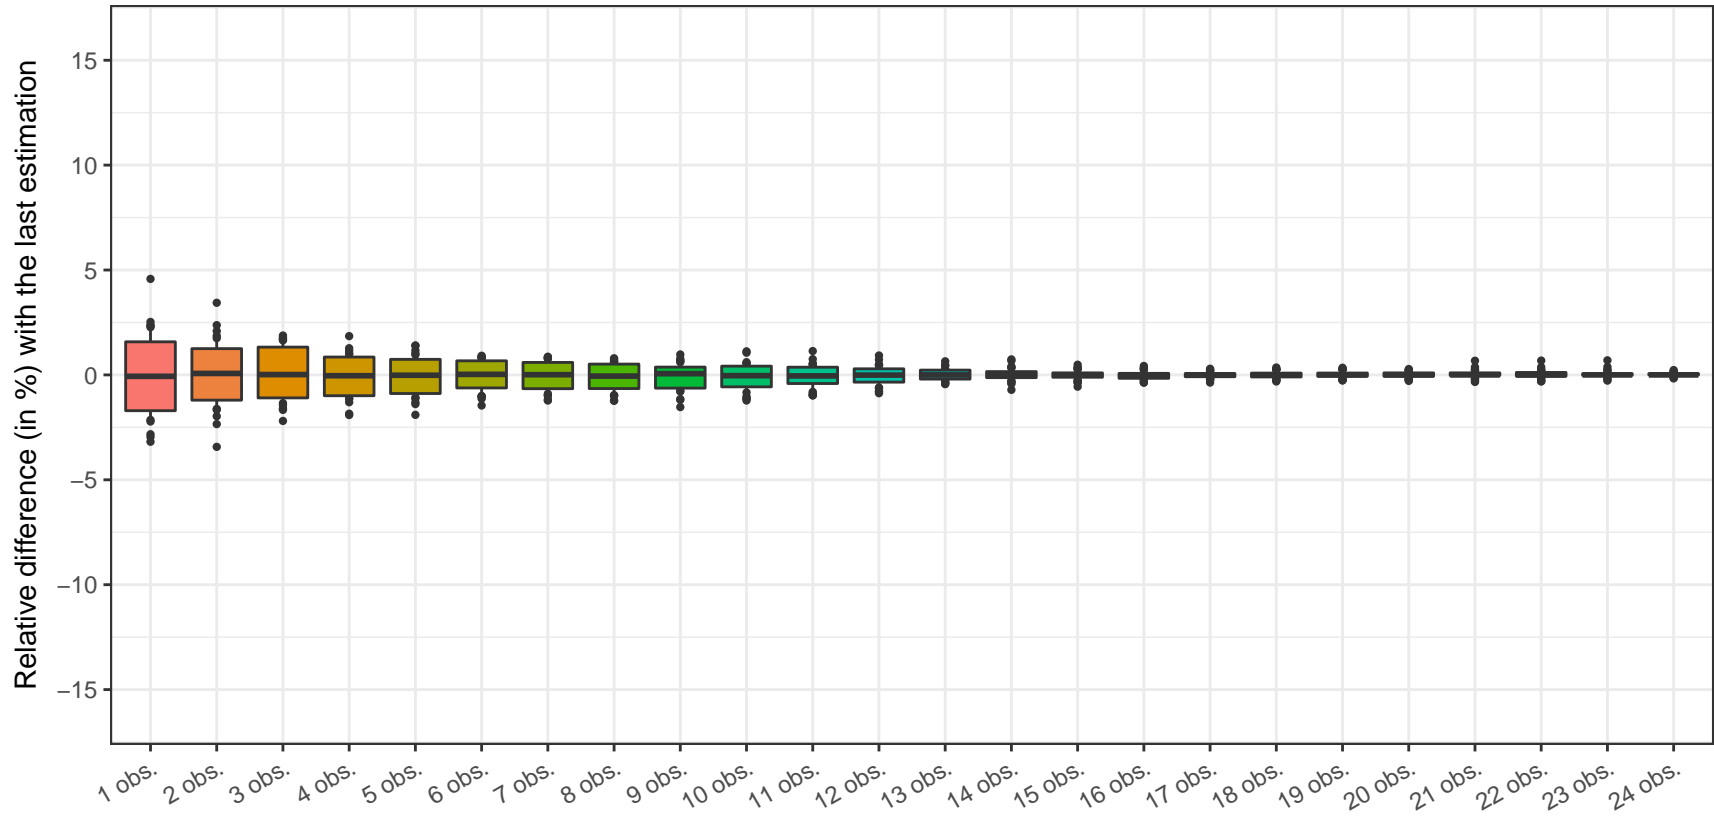

Relative differences between first and last estimations of a AO(1984–01)
additive decomposition
 $d \geq 1$ and $D \geq 1$ (260 series)

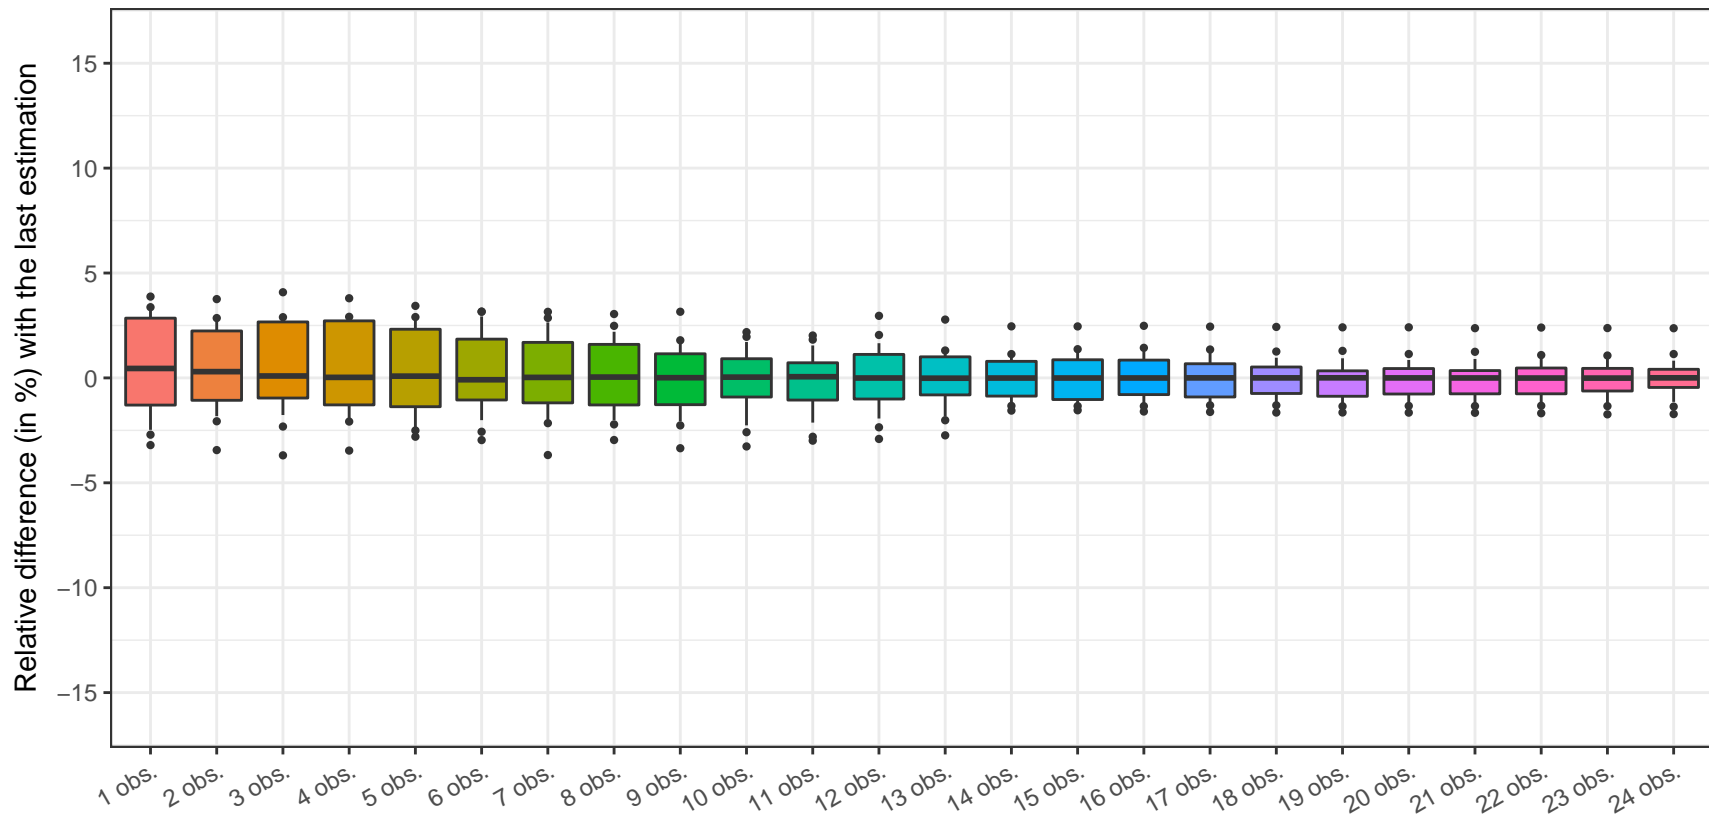

Relative differences between first and last estimations of a LS(1984–01)
additive decomposition
All models (510 series)

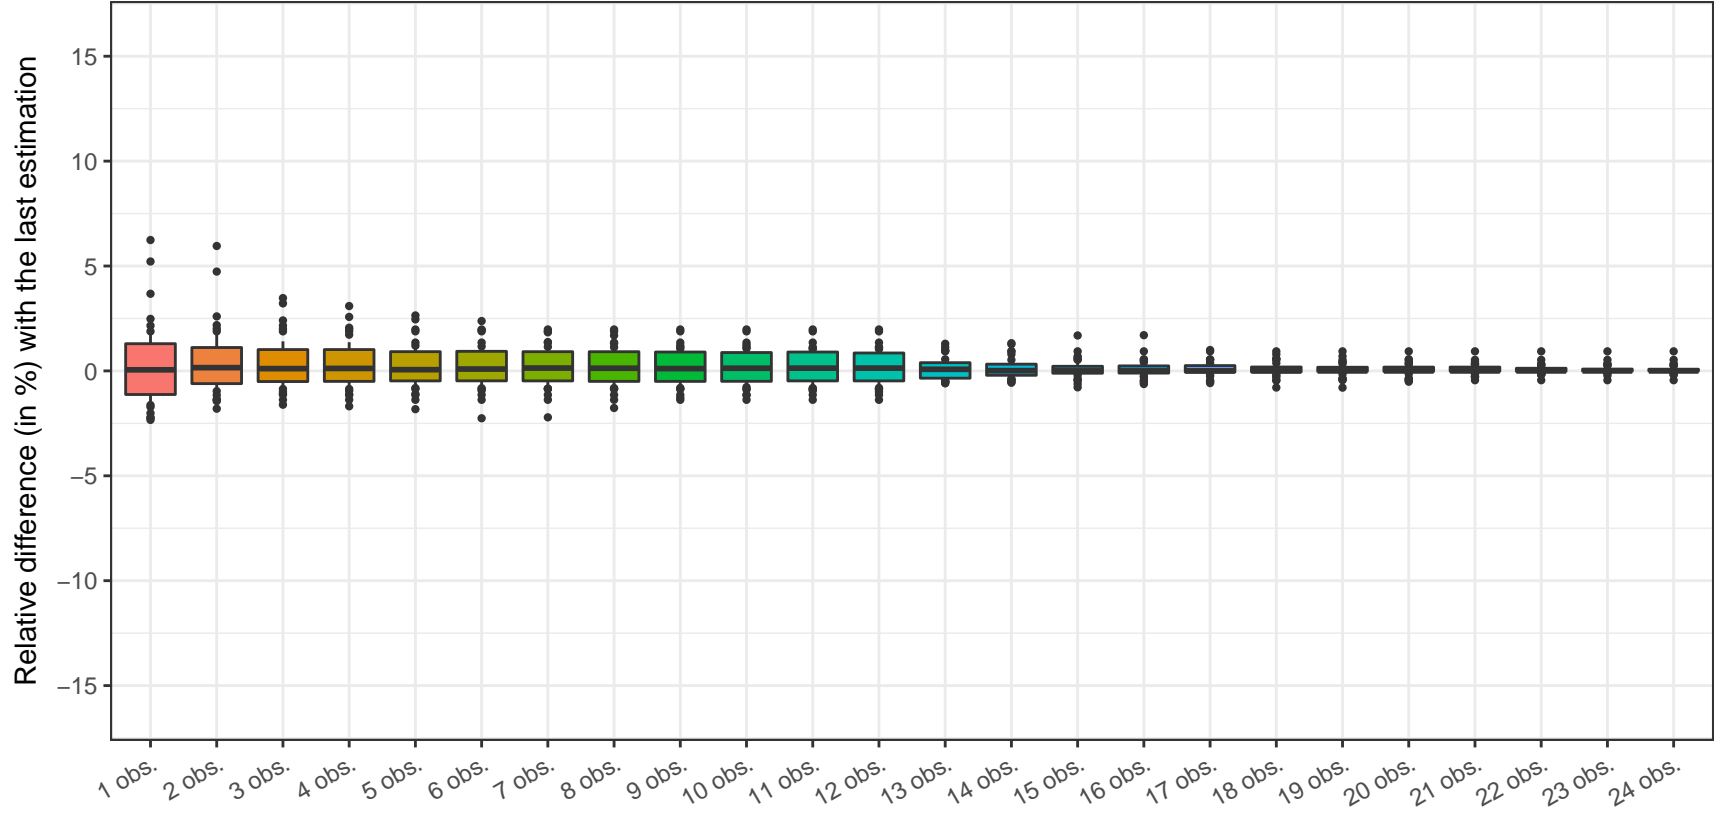

Relative differences between first and last estimations of a LS(1984–01)
additive decomposition
d=0 and D=0 (100 series)

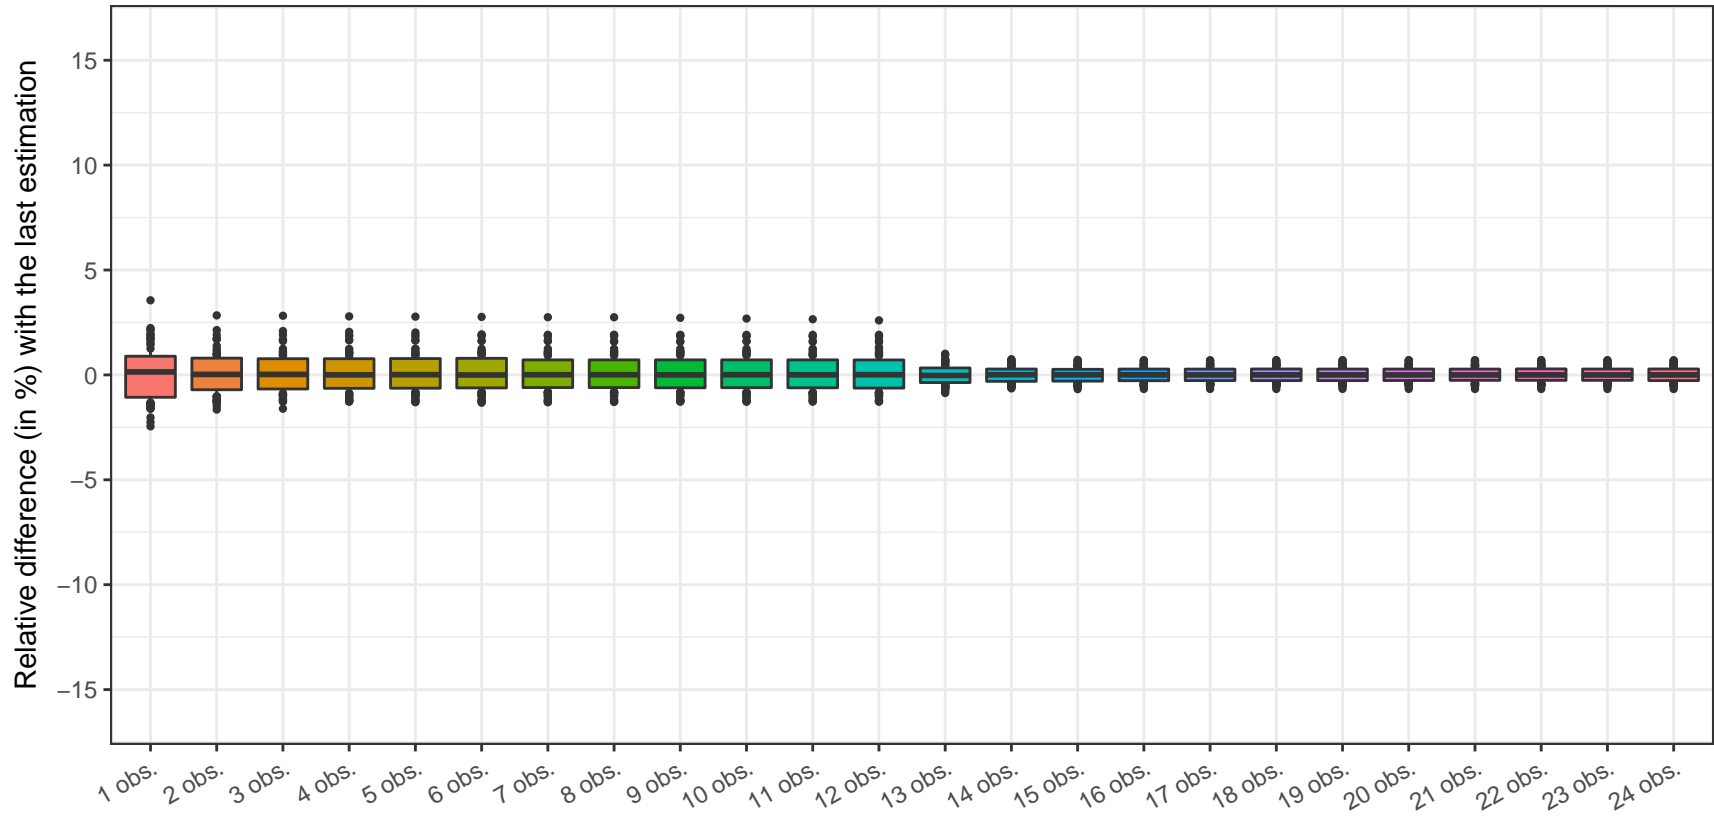

Relative differences between first and last estimations of a LS(1984–01)
additive decomposition
d=0 and D>=1 (30 series)

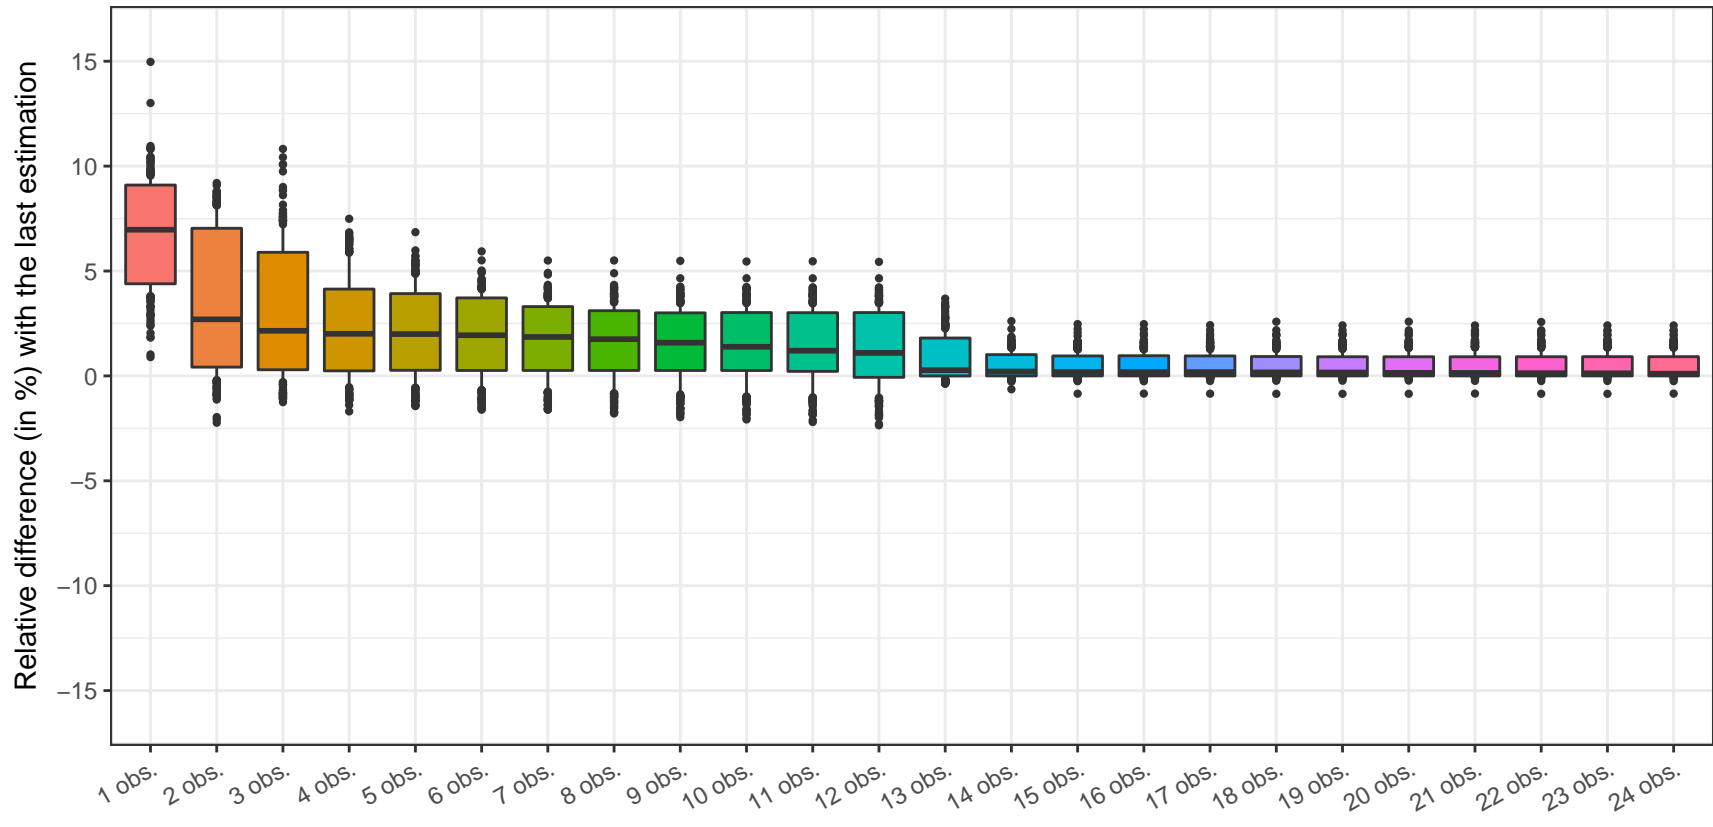

Relative differences between first and last estimations of a LS(1984–01)
additive decomposition
 $d \geq 1$ and $D = 0$ (120 series)

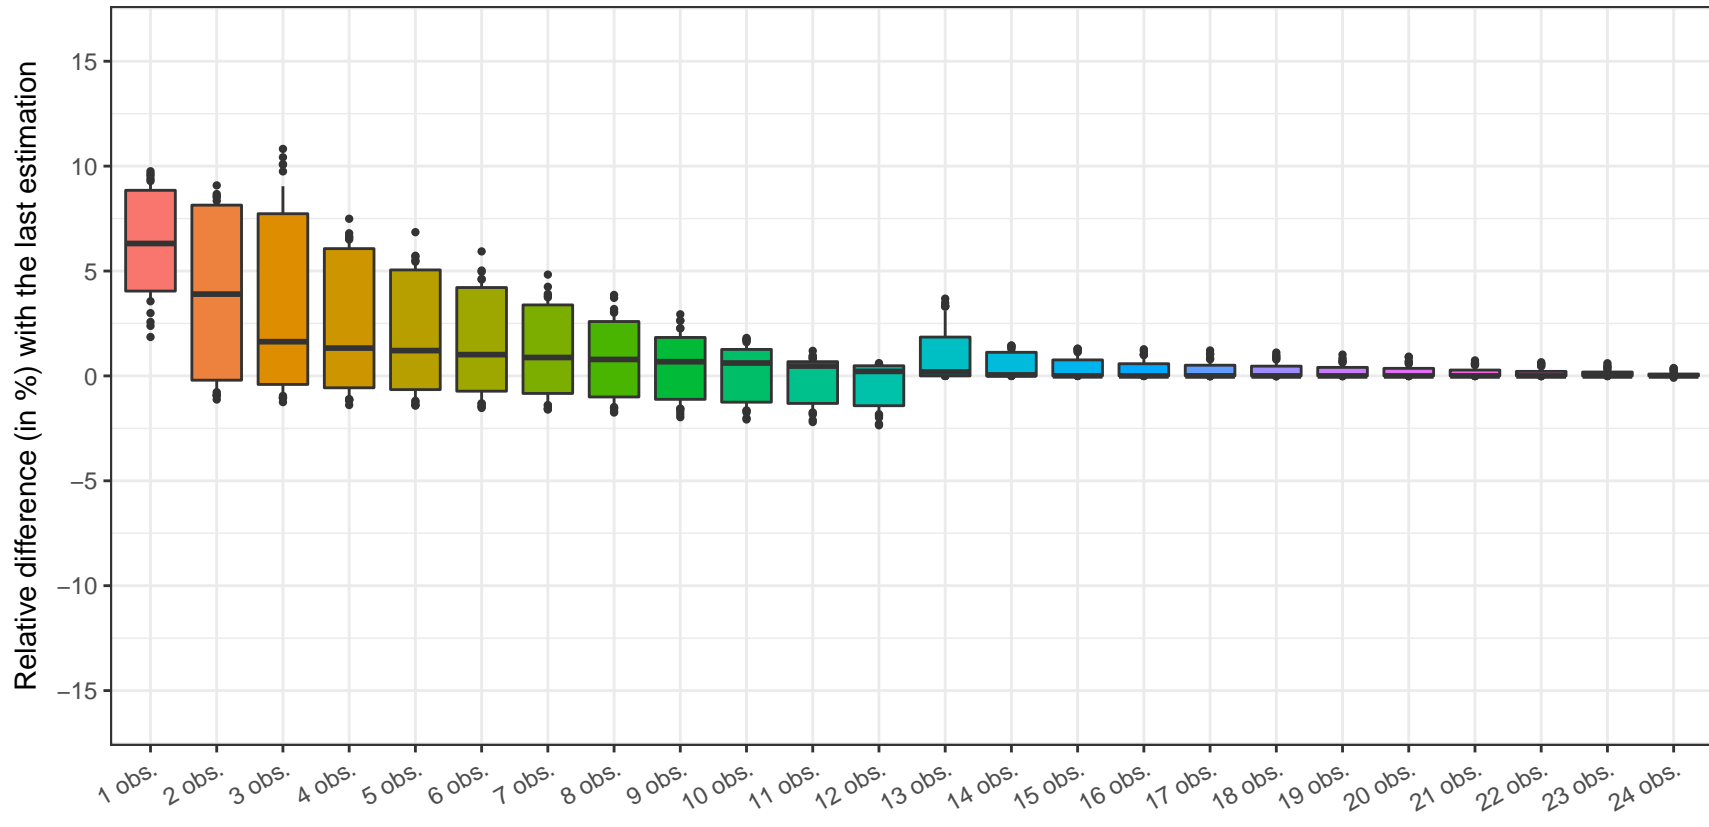

Relative differences between first and last estimations of a LS(1984–01)
additive decomposition
 $d \geq 1$ and $D \geq 1$ (260 series)

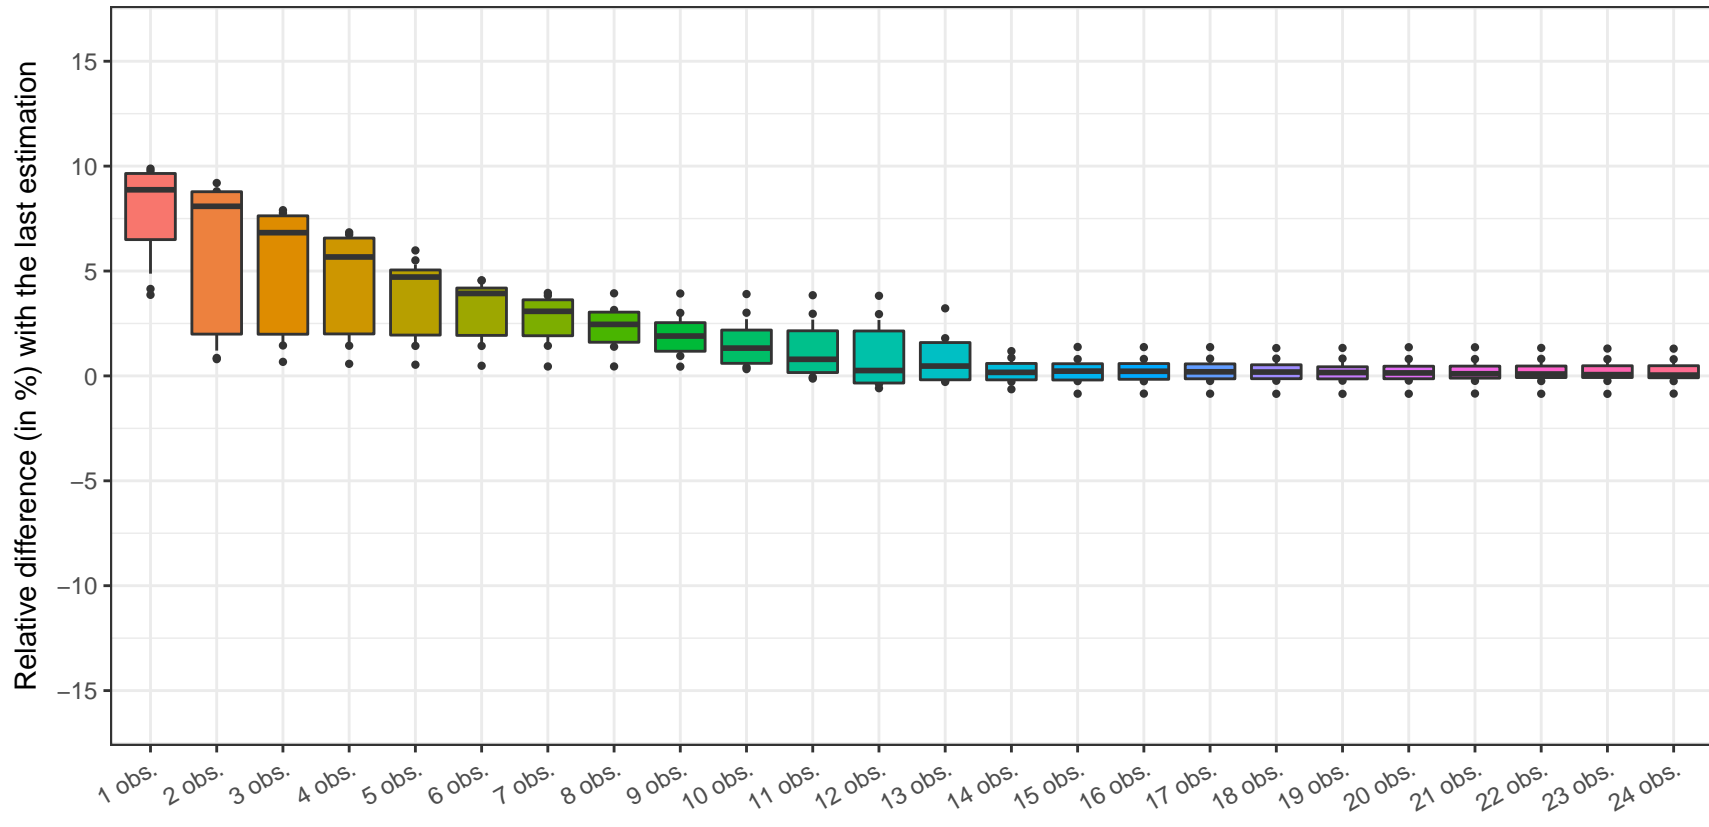

Relative differences between first and last estimations of a SO(1984–01)
additive decomposition
All models (510 series)

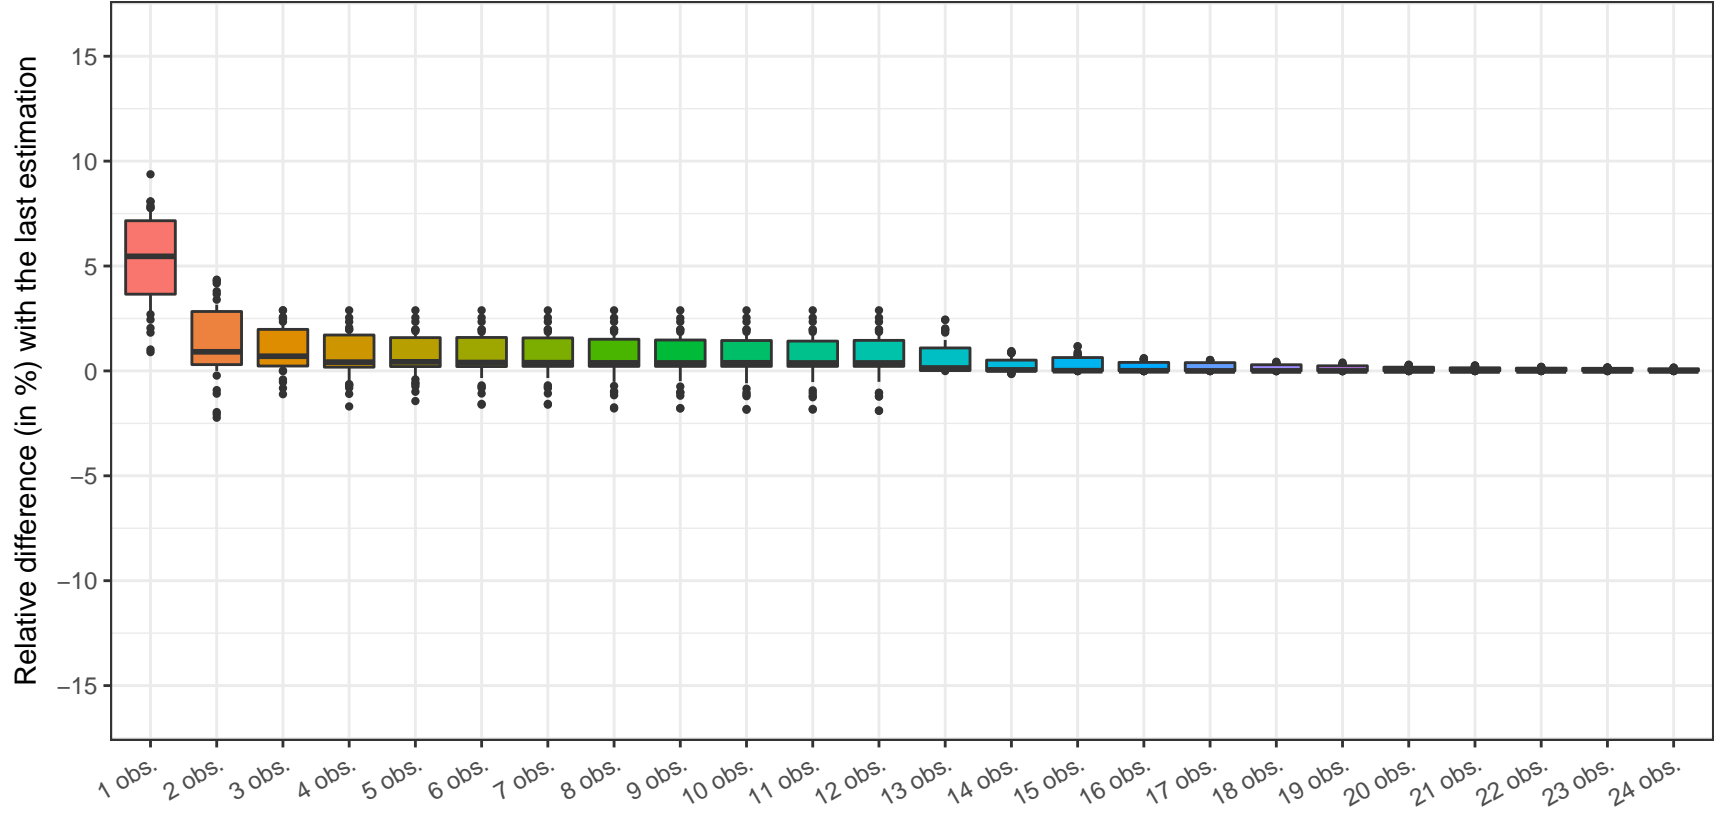

Relative differences between first and last estimations of a SO(1984–01)
additive decomposition
d=0 and D=0 (100 series)

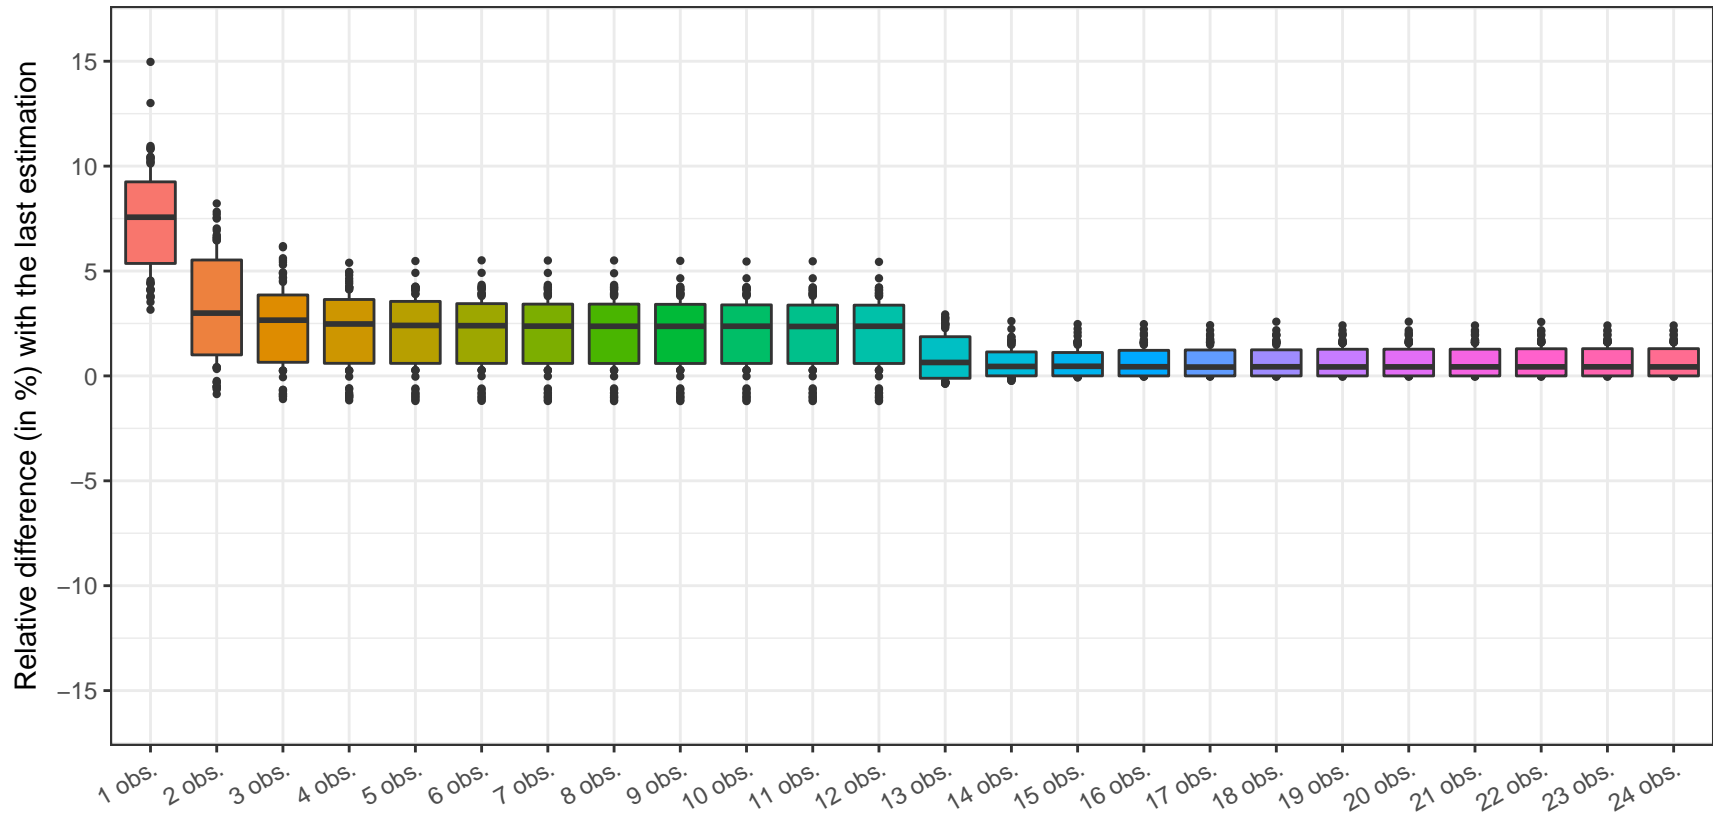

Relative differences between first and last estimations of a SO(1984–01)
additive decomposition
d=0 and D>=1 (30 series)

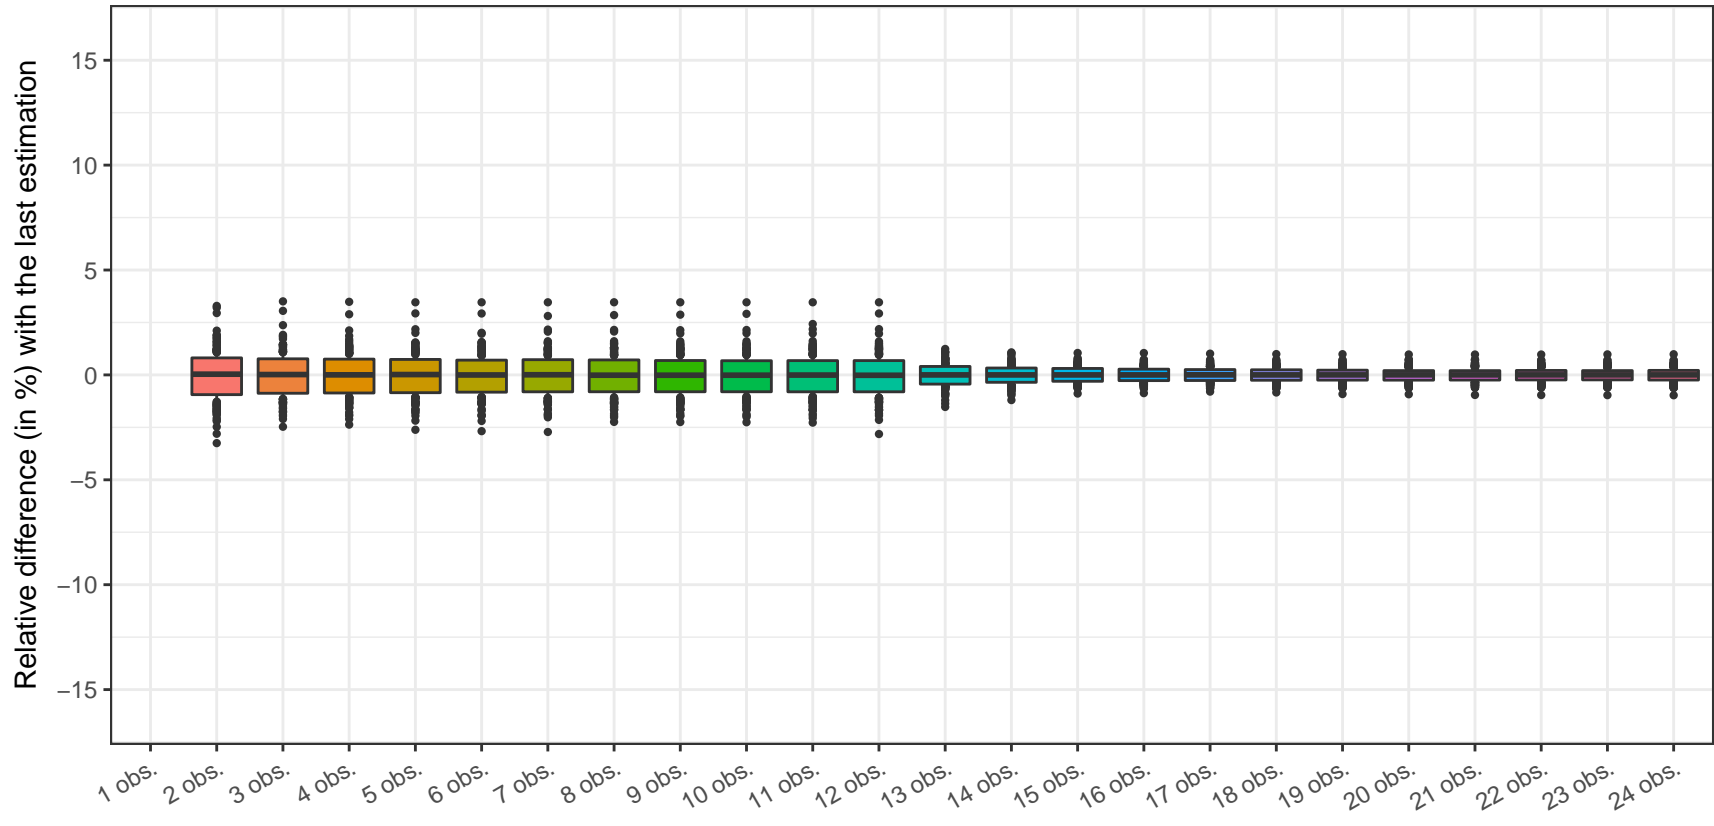

Relative differences between first and last estimations of a SO(1984–01)
additive decomposition
 $d \geq 1$ and $D = 0$ (120 series)

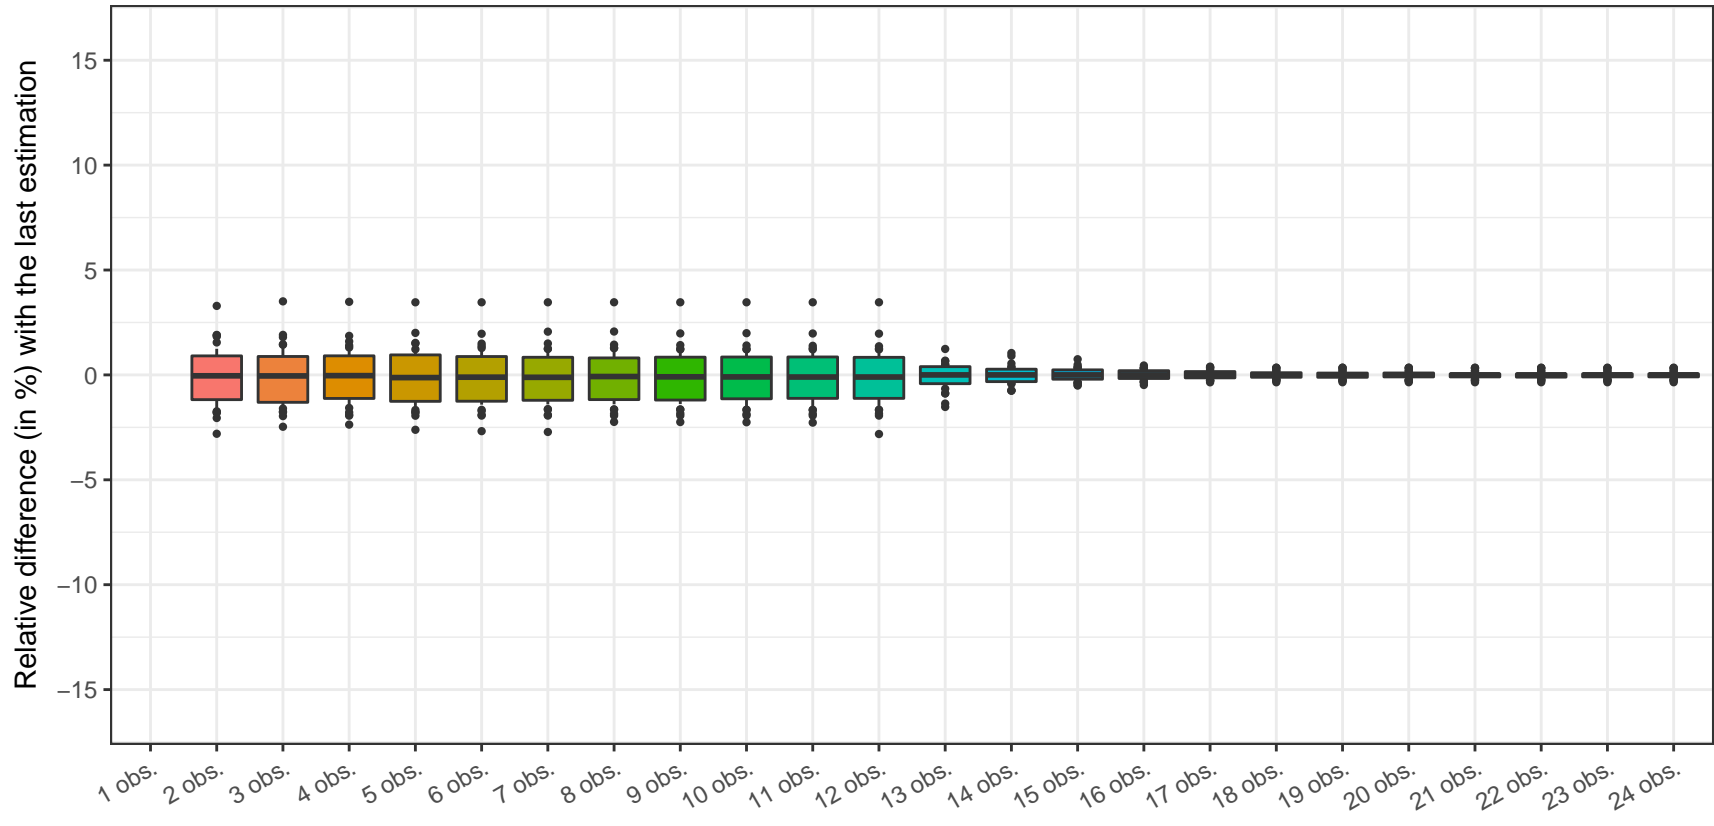

Relative differences between first and last estimations of a SO(1984–01)
additive decomposition
 $d \geq 1$ and $D \geq 1$ (260 series)

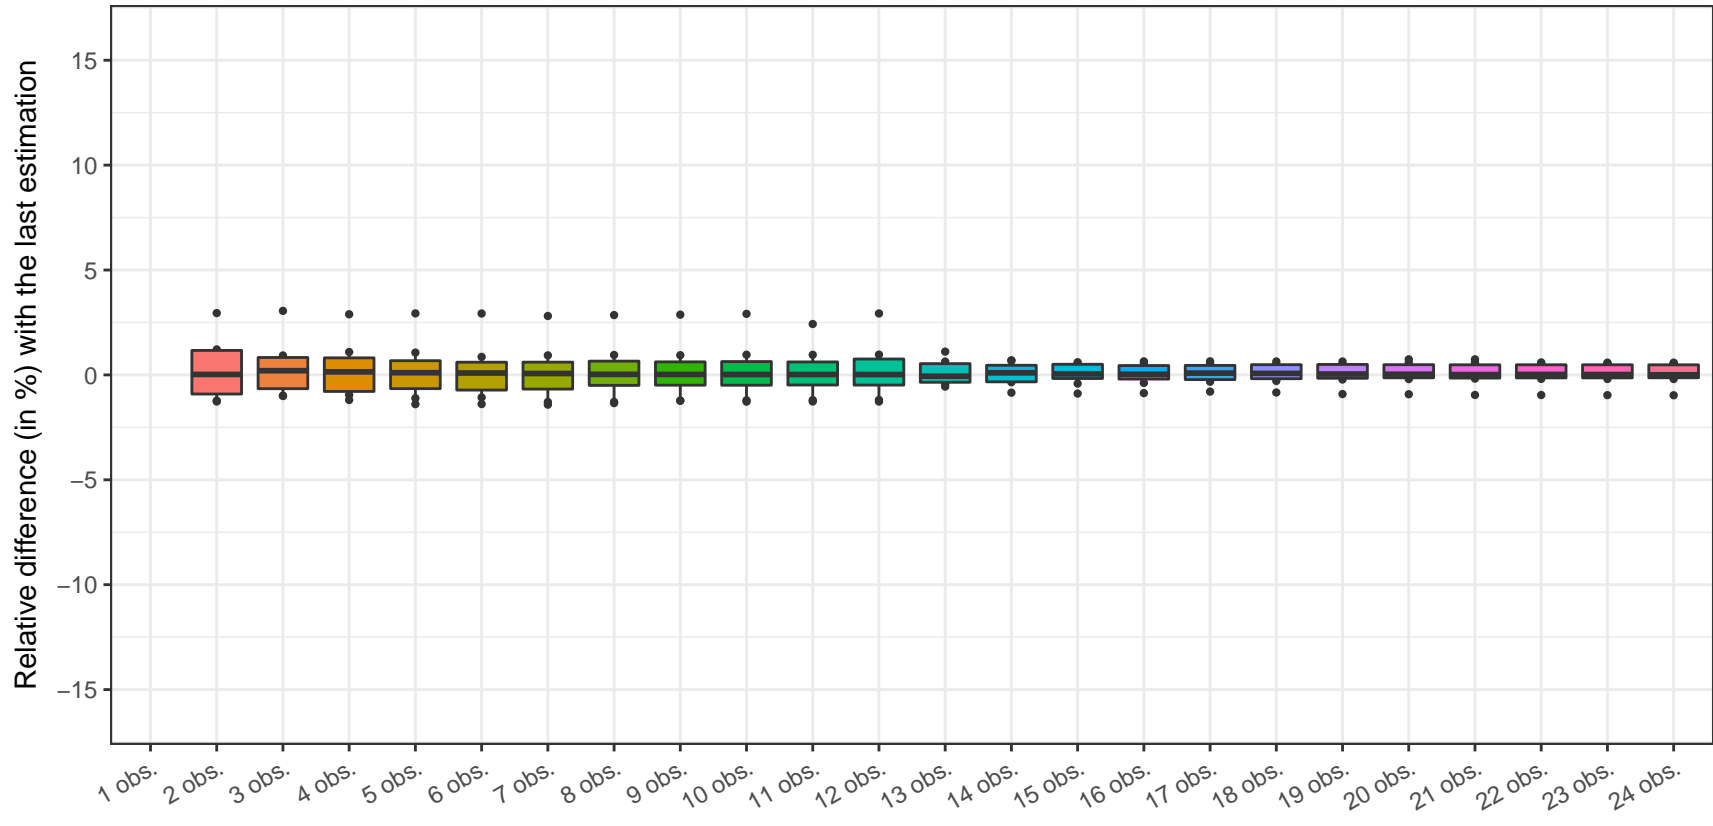

Relative differences between first and last estimations of a TC(1984-01)
additive decomposition
All models (510 series)

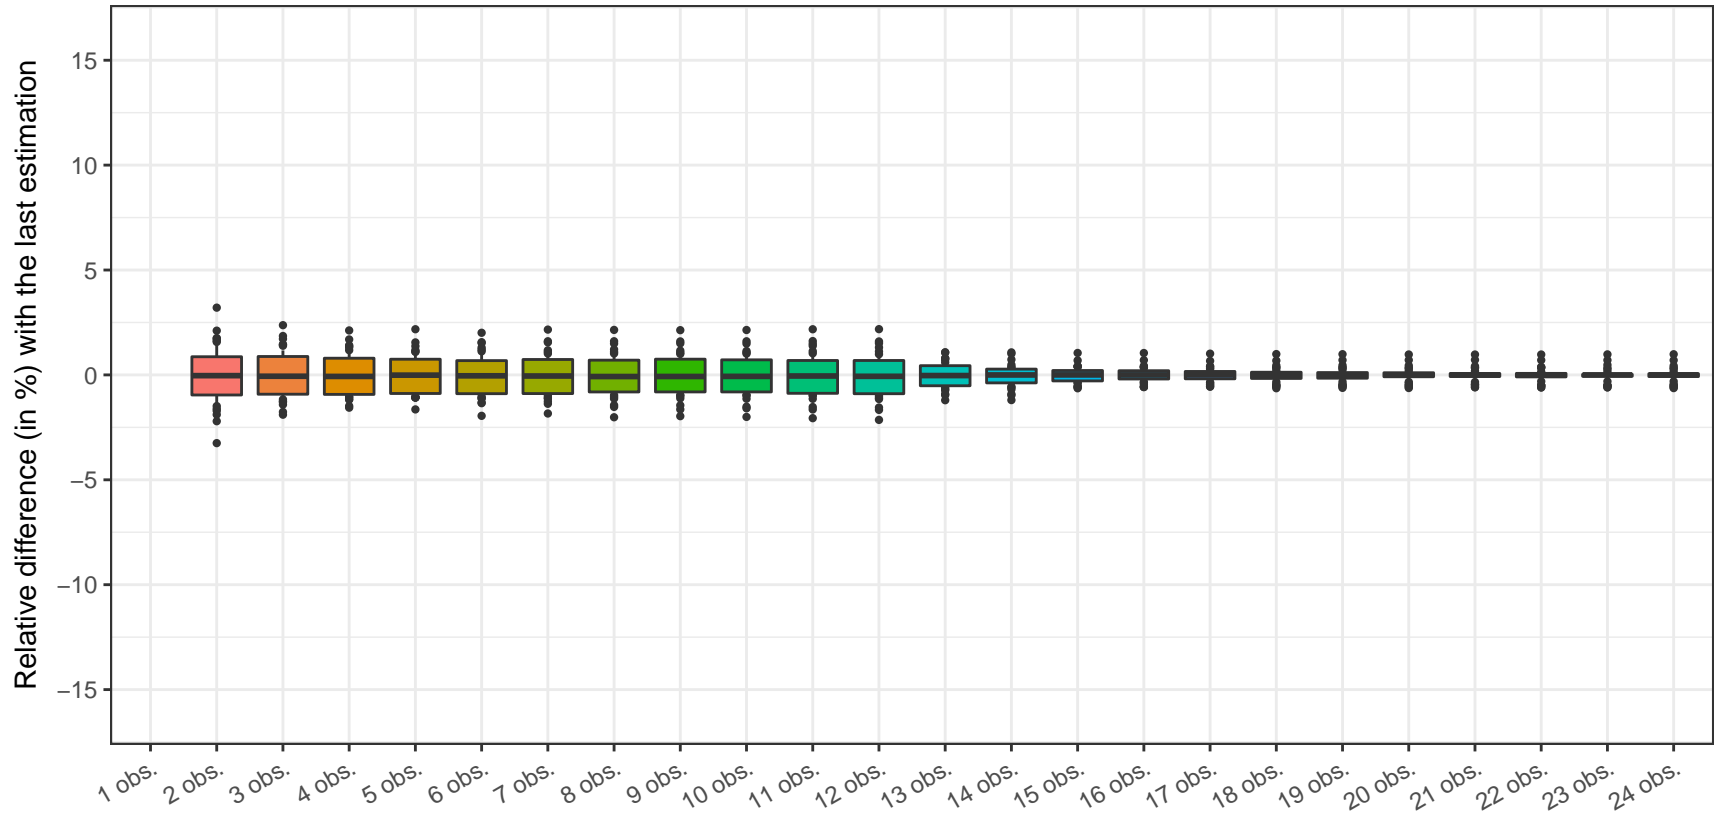

Relative differences between first and last estimations of a TC(1984-01)
additive decomposition
d=0 and D=0 (100 series)

Relative differences between first and last estimations of a TC(1984-01)
additive decomposition
d=0 and D>=1 (30 series)

Relative differences between first and last estimations of a TC(1984-01)
additive decomposition
 $d \geq 1$ and $D = 0$ (120 series)

Relative differences between first and last estimations of a TC(1984-01)
additive decomposition
 $d \geq 1$ and $D \geq 1$ (260 series)
